

## Items Arising From Minutes

9            Seating-Group Representatives-National Convention The President supported the view that all members of the National Executive Council should be seated together at the National Convention, and that individual members of Council should not oppose from the floor decisions reached by the Council.

10           Mr. Ambler asked that Group Representatives on the Council be permitted to sit with the delegates from their Group since these Representatives are not elected by the National Convention and because Group delegates normally require the guidance of a Group Representative.

11           Decisions It was decided:

- (a) Group Representatives will be seated on the floor of the National Convention with the delegates from their Group.
- (b) Group Representatives will support the decisions of the National Executive Council.
